

# SAVE up to \$700

When you purchase a high-efficiency heating oil system (valid while funds last).

One rebate per household. To qualify for rebate, property must be located in New Jersey and the system that is installed must meet the minimum efficiency standards of the New Jersey Clean Energy Program.

Present this coupon to your heating oil company during purchase.

I am installing:

- A new heating oil boiler – \$300
- A new heating oil furnace – \$250
- A new integrated heat and hot water unit – \$700
